I. SOLAS VI/2 Procedure:

Effective July 1, 2016, the International Maritime Organization prohibits a Container from being loaded onto a vessel without a verified gross mass (“VGM”) of the Container and cargo combined, as specified in SOLAS regulation VI/2. MTL utilizes weigh-in-motion scales when a truck enters MTL’s gates into the terminal. MTL determines the weight of the container and cargo by subtracting: (1) the average weight of the tractor; and (2) the average weight of a chassis, depending on whether the chassis is for a 20’ or 40’ container. If the equipment provider of the chassis has made the actual weight of the chassis available in MTL’s system, then MTL will utilize that filed chassis weight rather than an average weight. Maher calibrates its weigh-in-motion scales in accordance with New Jersey and federal law, as well as the manufacturer’s specifications. This method used by MTL complies with requirements under the U.S. Occupational Safety and Health Act, and the United States Coast Guard has advised that this method correspondingly complies with SOLAS Regulation VI/2.

Shippers, Beneficial Cargo Owners, and/or Steamship Line Carriers may use this Container weight, determined by MTL at its gate, for VGM purposes. MTL will use this weight as a VGM and load the Container on a vessel unless the Carrier instructs MTL not to load the Container, using the normal protocols to so advise MTL.

- B. Truck Unloading – Such service shall consist of removing cargo from the body of the truck to a place of rest on the terminal facility designated by MTL. Truck unloading shall be performed by MTL at the request of the motor carrier.

2. RIGHT TO LOAD AND UNLOAD TRUCK

Said truck unloading services shall be performed under the supervision and direction of the driver of the truck.

8. PAYMENT OF DETENTION PENALTIES TO MOTOR CARRIERS DELAYED AT THE CONTAINER TERMINALS

PAYMENT OF DETENTION PENALTIES TO MOTOR CARRIERS DELAYED AT THE CONTAINER TERMINALS

The payment of detention penalties by MTL to a Motor Carrier is not a matter of right, but rather as a matter of contract. The rules governing detention at MTL are set forth in this Schedule. Maher has no obligation to pay claims for detention except as provided herein. Effective March 1, 2007, electronic submission will be the only accepted method for filing trucker detention claims; paper invoices will not be accepted.

Submission of claims for detention and acceptance of payments for detention from Maher constitutes acknowledgement by the claimant of actual knowledge of the rules governing detention by Maher including, but not limited to, the mandatory arbitration provision specified in said rules.

1. Free-time: This section of the Schedule is being revised to specifically encourage
2. Motor Carriers to utilize the Second Shift gate hours in the Maher Container Terminal for the processing of containers.

3. Exclusions: MTL will not be responsible for delays caused by extreme temperatures, severe weather or delays resulting from the aftermath and cleanup required due to a severe weather occurrence. Additionally, MTL will not be responsible for delays caused by a disruption of power, telephone, shortage of containership line equipment, or data services such as those supplied to U.S. Customs, which are beyond the control of MTL. MTL will also not be responsible for delays on days when any one or multiple other container terminals in Port Elizabeth, Port Newark, or Bayonne are closed. Detention payments will not be paid under the following circumstances:

- To motor carriers requiring genset mounting/dismounting to or from a container whether the container is full or empty.

The force majeure exclusions will not include delays due to failure(s) of MTL’s computer system. Motor Carriers have an obligation to utilize all of the technologies and services which are made available by MTL to pre-check or pre-clear a shipment prior to dispatching a driver to the terminal.

MTL will deny payments of detention penalties to Motor Carriers who fail to ensure availability of cargo prior to the arrival at the terminal or follow terminal procedures which result in delays to themselves or other Motor Carriers. Detention payments will not be paid to Motor Carriers arriving at the terminal facility with a bare chassis upon which they request a container that is already on a chassis, to be placed unless MTL has been given prior notification. All requests of this nature are to be submitted to the Container Yard, in writing, at least 24 working hours prior to the delivery of cargo. Detention payments will not be paid with respect to any

transaction if the Motor Carrier requests assistance from MTL's clerical service for such transaction, with the exception of transactions where assistance from MTL's clerical services is required for an issue that could not have been avoided had the Motor Carrier ensured the availability of cargo/equipment prior to dispatching a driver to the terminal facility. If any employee, agent or representative of a Motor Carrier (or any other person with the actual or implied consent of the Motor Carrier) is found to have stolen, pilfered, or vandalized any chassis component(s) or other property belonging to MTL, its customers or other persons present on terminal with the consent of MTL, the Motor Carrier will be held fully responsible for the cost of repairing said equipment. The Motor Carrier will also forfeit its ability to submit any invoicing pertaining to trucker detention for 180 days. If a specific employee, agent or representative of a Motor Carrier is found to be involved with stolen, pilfered, or vandalized chassis components in a second instance, that individual will be permanently barred from submitting any claims to MTL for detention.

4. Payment of Penalties: When the power vehicle is delayed beyond the allowable free time, MTL shall be charged at a rate of \$12.50 per 15 minutes or part thereof, or \$50.00 per hour. However, there shall be no penalties paid for detentions of less than twenty-nine (29) minutes. Claims shall be filed within seven (7) calendar days from the date on which the claim arose or said claim shall be barred. All requests for payment of detention must be individually specified on such forms and in such a manner as may be specified by MTL. All decisions by MTL regarding the payment or non-payment of detention are final.

In the case of an error or omission, which was solely caused by the steamship line, its duly appointed agent or authorized representative, excluding MTL, and said action or inaction prevented the consignee or owner of the cargo from taking or effecting delivery of cargo, an adjustment to demurrage may be made. These specific conditions must be completely documented and recorded. The adjustment will be limited to a period of no more than 30 calendar days following expiration of normal free time. The adjustment will be limited to the

SECTION 7: RESPONSIBILITY FOR DAMAGE OR LOSS

1. The **CONTRACTOR** shall be legally liable for loss of or physical damage to the vessels and their equipment and appurtenances as well as containers and for loss of or physical damage to cargo, including loss of cargo overside, through the negligence of the **CONTRACTOR**, its employees, agents or servants, provided that **CONTRACTOR's** attention is called to such loss or damage as soon as practicable but in case of damage to vessel, such notice must be given prior to vessel's departure. It is expressly agreed by the **CARRIER** that should such Bill of Lading provisions not extend the application of the COGSA defenses to the **CONTRACTOR**, the **CARRIER** will indemnify **CONTRACTOR** for those sums that it is liable for over and above the limitation of liability defenses.
